# WELCOME TO LISBOA

Lisboa is an illuminated city. The almost constant presence of sunshine and the River Tagus transforms the Portuguese capital into a mirror of a thousand colours - highlighting the city's unique architecture and beauty.

There are so many things to see and do in Lisboa that visitors have access to a wide array of different experiences.

As we walk through Lisboa - whose history spans back thousands of years – we find streets filled with heritage monuments, and characteristic neighbourhoods where the city first developed and can still be experienced at its most genuine level.
